

Declaration of compliance to access to the rePLANT doctoral programme

NOTE: this document must be submitted only in case of not providing Master Degree certification at the time of the application.

Name and surname:

ID/Passport number:

Contact email:

As a candidate applying to the MSCA-COFUND rePLANT (Reconstruction Biology in Plant Sciences) Doctoral Training Programme, I declare:

- **the knowledge of the following eligibility criterion and application requirement:**

Candidates must hold a degree that allows admission to the official doctoral programme at the University linked to the institution of their interest at the time to join the host institution (it is not requested the candidate to hold the degree when the candidate applies). For instance, to join CRAG, candidates must hold a degree with a minimum of 300 ECTS credits in university studies of which at least 60 must be at Master level. Similarly, to join the MPIPZ, candidates must hold a degree equivalent to a German Master, i.e. a degree with at least 4 years of studies in a related subject, which is not a Bachelor degree.

- **Not providing Master Degree certification at the time of my application, I will comply with all requirements to access to the doctoral programme at the time of starting the fellowship**
