

REDRESS REQUESTS

You have received an initial information showing the outcome of the evaluation by experts of your proposal or, you may have received the results of the eligibility checks.

Before 10 days upon reception of the results, you may submit a request for redress if you feel that there has been a shortcoming in the way your proposal has been evaluated that may affect the final decision on whether to fund it or not, or if you believe the results of the eligibility checks are incorrect.

An internal review committee will examine requests for redress. The committee's role is to ensure a coherent interpretation of such requests, and equal treatment of applicants.

Requests must be:

- Related to the evaluation process, or eligibility checks.
- Set out using the form below, including a clear description of the grounds for complaint.
- Received within the time limit specified on the call.

Please note:

- This procedure is concerned with the evaluation and/or eligibility checking process. The committee will not call into question the scientific or technical judgement of appropriately qualified experts.
- A re-evaluation will only be carried out if there is evidence of a shortcoming that affects the final decision on whether to fund it or not. This means, for example, that a problem relating to one evaluation criterion will not lead to a re-evaluation if a proposal has failed anyway on other criteria.
- The evaluation score following any re-evaluation will be regarded as definitive. It may be lower than the original score.

Only one request for redress per proposal will be considered by the committee. All requests for redress will be treated in confidence and have to be sent to

replant@cragenomica.es

A reply will be sent within 10 days of the deadline for redress requests.
